

Modelli ripiegabili / Foldable Range

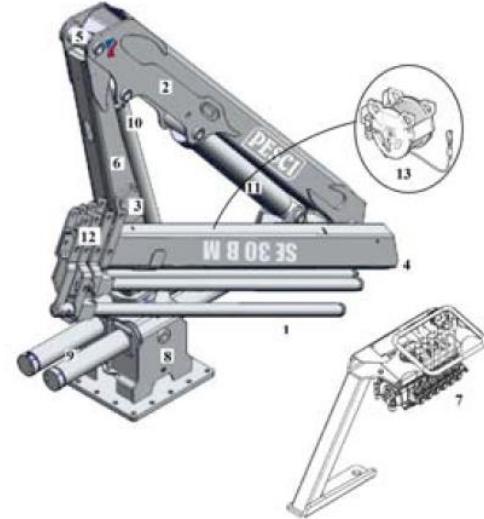

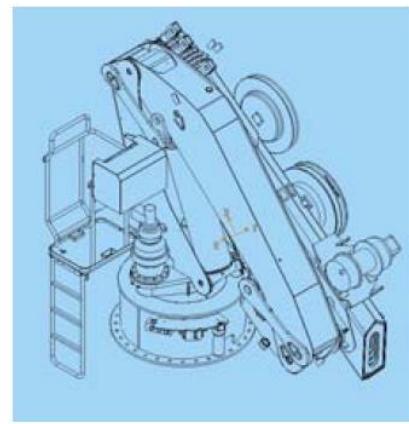

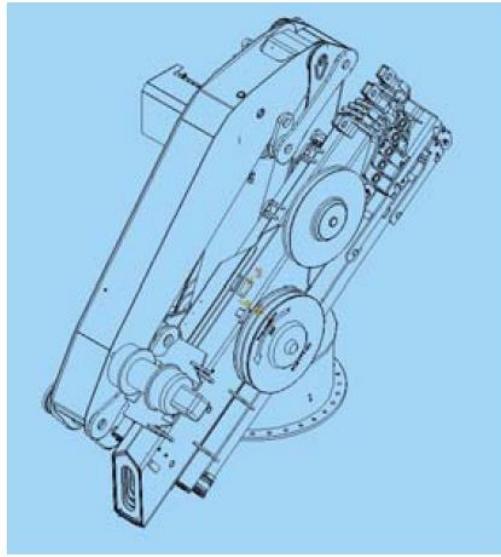

N.B. Il Diagramma si riferisce all'utilizzo della gru in stato di mare 0 o in uso portuale .

Qualora la gru venga usata Of-shore con condizioni di mare più gravose occorre consultare il costruttore per la definizione delle nuove portate di carico e dei parametri di riduzione

N.B. The diagramm refers to the use of the crane in sea state 0 or in Harbour conditions.

If the crane is ussed in off -shore state therefore with heavier sea conditions, it is necessary to apply to the manufacturer in order to establish the new lifting diagramm and eventually the decreasing of the lifting parameters.
